Direct Drive

FRONT LOAD WASHERS

6Motion™

Get your clothes cleaner and help them last longer with revolutionary 6Motion™ technology. Each wash cycle combines up to 6 different wash motions to provide outstanding cleaning while being gentle on fabrics.

Smart Diagnosis™

It's unlikely you'll experience any problems with your LG washer, but if you ever do, this feature helps the service centre diagnose problems over the phone, helping you minimize costly, inconvenient service calls.

TrueBalance™ Anti-Vibration System

You shouldn't know your washer is on from the next room. The LG TrueBalance™ anti-vibration system is designed to reduce washer noise and vibration for smooth, quiet performance in any room of the house - even on the 2nd floor.

Direct Drive Motor 10 Year Warranty

When you buy a washer, you don't want to worry that it won't last. Because the Direct Drive Motor uses fewer moving parts and operates more efficiently, LG confidently backs the motor with a 10-year warranty.

TubFresh™ System

To get your clothes as clean as possible, you need the washer itself to stay clean and fresh. The TubFresh™ system includes an advanced tub-cleaning cycle and other innovations that help you easily maintain your washer's freshness by cleaning and drying the wash tub, door, and gaskets.

LoDecibel™ Quiet Operation

There's no need for laundry to be noisy. Thanks to LG's LoDecibel™ operation, chances are you'll never even notice it.
